Exhibition at Taylor Jensen Fine Arts

Well, we say goodbye to our wonderful show "Raukura" today, it's been such a pleasure and privilege to have this beautiful work in the gallery last few weeks, onward and upwards for these talented ladies.

Opening next week we're showcasing the photography of Feona Sayles, local woman, lecturer at Massey and all round talent with her debut solo show "Flora & Fauna"...

Feona started photography around 2010 when she found did not have the space to work on other art work. Photography provided the perfect solution. She has had work selected for exhibition in the U.S.A. and also exhibited some selected work in New Zealand. Her collection of work has many different styles including portraits and digital art. This exhibition focuses on her work with natural surroundings. The photos give an up close view of the beauty that is all around us but is sometimes overlooked.

The show previews 6pm Friday 29<sup>th</sup> November with refreshments, and runs until 24<sup>th</sup> December. This a "cash and carry" show, so if you see a piece and like it, you can take it away on the day, ready for Christmas!
