It was decided by the committee to make annual subscriptions fall on the same day of the year to streamline the work for volunteers. *Subscription fees are for the year ending 31<sup>st</sup> March (no part-year payments) If it's getting close to the new sub-year you can either still pay and consider it a payment towards the running of the Society or hold off a little longer and pay 1<sup>st</sup> April. You can still come to the have-a-go groups.*
